What An Amazing Year!

Our students at Laverton have had an outstanding year of training. The team of instructors and in particular Sensei Simon are very proud of everyone's achievements throughout the year. Courage, kindness, leadership, friendships, confidence, humbleness and passion are just a few words that come to mind when I think back over the past 10 months and our students.

Congratulations to the below students who were recognised with a nomination or award for their achievements. These students have displayed advancement in their karate not only on a technical level but also growth on many other levels that benefits all of the club as a whole.

A special mention to Sempai Jai who won the award for overall Junior of the year for our whole organisation!
